

## PREFERRED NETWORK FACILITIES FOR OUT OF AREA CARE

BCBS-USVI's network of Puerto Rico-based facilities will ensure the availability of a wide array of world-class medical services and specialized procedures when member's attending physicians opt for out-of-area care. Don't forget that your out of pocket expenses will be lower in these facilities, when you are in need for out of area care.

The facilities of our exclusive PR network have been accredited by the US Joint Commission and the Centers for Medicare and Medicaid Services (CMS), and in addition to the medical care provided, these facilities offer fully bilingual care coordination and concierge services to make you feel at home, including:

- ✓ Emergency Services and Transfer Coordination
- ✓ Travel arrangements and lodging, to maximize the benefit of discounted rates
- ✓ Insurance Coordination
- ✓ Complimentary roundtrip transportation between airport and hospital facilities\*
- ✓ Concierge services for procedures, emergencies, and admissions
- ✓ Discharge coordination and follow-up integrated your USVI physician
